Education
General Assembly
Web Development Immersive Program
April 2014 – June 2014 (Santa Monica, CA)

Selected to participate in an intensive 12-week full-stack web development program. The program focused on creating projects using HTML5, CSS3, Ruby on Rails, Javascript, AngularJS, jQuery, JSON, MVC, PostgreSQL, MongoDB, Twitter Bootstrap, Zurb Foundation, Heroku and GitHub. Taught using agile methodologies and test-driven development.

University of California Santa Barbara
B.A. Cultural Anthropology, 2008 - 2013

- Agile Development

Projects

Plandora
(plandora-travel.herokuapp.com/)
      This was a 3-person group project that we made. Plandora is a feature-rich, travel-planning app that makes organizing trips social and fun for groups. Built with Ruby on Rails, HTML5, CSS3, Javascript, AngularJS, PostgreSQL and Twitter Bootstrap.

Wesource
(wesource.herokuapp.com)
      A simple resource sharing application I made myself. This app is designed to filter through links and make sharing links very easy. Built with Ruby on Rails, HTML5, CSS3, Javascript, AngularJS and Zurb foundation.

Park Picker
(parkpicker.herokuapp.com)
      An app that I built that uses the Yelp API and displays results onto a Google Map. Built with Ruby on Rails, HTML5, CSS3, Javascript, PostgreSQL and Zurb Foundation.

Shower Thoughts
(shower-thoughts.herokuapp.com)
      This was a 2-person group project built by a classmate and me. Shower Thoughts is a single-page app for posting anonymous thoughts. This was built with Ruby on Rails, HTML5, CSS3, AngularJS, PostgreSQL and Zurb Foundation.

Tic Tac Toe
(elfuego.firebaseapp.com)
      I built my own version of a simple Tic Tac Toe game. Built with HTML5, CSS3, Javascript and AngularJS.

Dog-Cat-Mouse
(charlyyoon.com/charly_RPS/index.html)
      I built my own version of a simple Rock Paper Scissors game. Built with HTML5, CSS3 and Javascript.

Work experience

Best Buy (Oxnard, CA)
Sales Consultant
October 2013 - January 2014
          Provided customer assistance on the sales floor in the computer/tablet department and also worked as a cashier.

DJ Goon (Santa Barbara, CA)
Freelance Event DJ
2011-2013
          I personally managed my own events with clients as well as provided my own music equipment and lights for the entertainment.

UCSB Arts and Lectures (Santa Barbara, CA)
Ticket Sales Associate
2010-2011
          I was responsible for customer service both at the window and over the phone. In addition, I provided assistance in selling tickets at the window, at events, and also handled the cash invoices.

Office Max (Oxnard, CA)
Sales Associate
          May 2008 - July 2008
I was responsible for displaying and re-stocking items, assisting customers on the floor or over the phone, and handling cash behind the register.

Electronics Plus Warehouse (Oxnard, CA)
Manager
          2006-2008
I was responsible for merchandise display and re-stocking. I provided any customer assistance on the floor or over the phone. I worked behind the register when needed. In addition, I took care of any managerial duties when the manager was away such as inventory, invoices and loss prevention.

Languages: English, Spanish, Korean
